Al-Sheikh met Singapore’s representative to the PA

I have received in my office today, Singapore’s representative to the PA, H.E. Mr Hawazi Bin Daipi.

It was a positive and fruitful meeting, I commended the relations between our two countries, and thanked our friends for their continuous support to the PA and for their efforts in the capacity building through their Enhanced Technical Assistance Programme (ETAP), and wished them further developement, progress and prosperity.

We discussed the situation on the field and the developments internally, regionally, and internationally.

Mr Daipi expressed their intention of establishing a Singapore Representative Office in Ramallah, and commended the strong ties between Palestine and Singapore, and expressed his concern regarding the violation of the status quo in AlHaram AlSharif.

Finally, we agreed upon further development and closer collaboration.
