Al-Sheikh: Occupation’s government continues piracy and theft of Palestinian money

The Secretary-General of the Executive Committee of the PLO, Hussain al-Shaikh, said in a statement today that the [Israeli] occupation government continues with its money piracy over the Palestinians’ funds and decides to deduct hundreds of millions of shekels to further embed the policy of financial blockade and steal our money.

He slammed the Israeli decision to deduct millions of palestinian funds as a “step that adds to the daily escalation in our cities, villages and camps and the legalization of our bloodshed.”
