Al-Sheikh condemns the Israeli Occupation Forces' aggression this morning, describes it an attempt to silence the truth

The occupation forces' storming of civil work institutions, closing them and confiscating their contents in Ramallah is a dangerous escalation and is an attempt to silence the voice of truth and justice.

We will appeal to all official international bodies and human rights institutions to intervene immediately to condemn this occupier behavior and place pressure on them to reopen the institutions and to be able to exercise their activities freely.
