

# **Al-Sheikh: The international briefings in the Security Council are clear and explicit with regard to AlAqsa Mosque**

The international briefings in the Security Council are clear and explicit with regard to AlAqsa Mosque and attempts to harm it and change the status quo, and it contains a message to the occupation government, the dangers of its policy and procedures there.

As well as holding it responsible for the escalation and the results and repercussions of this policy towards the sanctities and the blessed AlAqsa in particular.
