Al-Sheikh met the Union of Palestinian Women’s Committees

This morning, I met with the Head of the Union of Palestinian Women’s Committees, Ms Intisar Al-Wazir, and her accompanying delegation from the General Secretariat of the Union.

I emphasized the important role of Palestinian women in political life, and their active role in all forms of struggle, under occupation, siege and displacement.

And I stressed the need to improve the role of Palestinian women and increase their contribution to the development and construction process, and make room for them and involve them in all frameworks and committees, as well as raise the proportion of their representation.
