

Al-Sheikh received the British Consul General

Today, Thursday, I received the British Consul General, Her Excellency Consul Diane Corner.

I discussed with the Consul the conditions and the tragic losses on the ground as a result of the Israeli aggression on Jenin, as well as settler terrorism and the decisions of the occupation government regarding thousands of settlement units, as well as the recent decisions of the Palestinian leadership.

The occupation government renounces all agreements and understandings, which means dragging the region into more tension and escalation.
