Official slams US approval of bill banning PLO members from entering America

Secretary-General of the Executive Committee of the Palestine Liberation Organization (PLO), Hussein al-Sheikh said on Thursday that the US pproval of a bill to ban the entry of members of the Palestine Liberation Organization into the United States of America is a ‘dangerous decision.’

The PLO official took to his official page on X, formerly known as Twitter, to the slam the decision towards ‘the sole legitimate representative of the Palestinian people.’

“The US House of Representatives’ approval of a bill to ban the entry of members of the Palestine Liberation Organization into the United States of America is a dangerous decision towards the sole legitimate representative of the Palestinian people,” he said. “We consider it a decision that harms the rights of our Palestinian people and goes beyond the international position that recognizes these rights and recognizes the organization as the sole legitimate representative of the Palestinian people.”

“This requires a response and clarification from the US administration,” he demanded.
