

Al Sheikh holds an expanded meeting with Arab and Foreign ambassadors and diplomatic missions and international organizations to discuss Israeli escalation

Ramallah – 10/02/2026 – Today, Tuesday, the Vice President of the State of Palestine, Hussein Al Sheikh, held an expanded meeting in Ramallah with ambassadors from Arab and foreign countries, heads of diplomatic missions, and representatives of international organizations operating in Palestine, to discuss the ongoing Israeli escalation and its serious repercussions on the political and humanitarian situations.

Al Sheikh briefed the attendees on the latest developments concerning the practices of the Israeli occupation, particularly the continued aggression against the Palestinian people in the Gaza Strip, accompanied by siege, starvation, and unprecedented humanitarian suffering. In addition, he addressed the escalating settler attacks in the West Bank, the ongoing land confiscation policies, and the withholding of Palestinian funds, which has led to a financial and economic crisis, in flagrant violation of international law and resolutions of international legitimacy.

During the meeting, Al Sheikh affirmed the commitment to moving forward with promoting democracy in Palestine, holding elections at all levels, implementing reforms, combating corruption, and drafting a constitution for the State of Palestine, thus completing the decades-long process of transitioning from an authority to a state.

Al Sheikh also reviewed the recent decisions of the Israeli cabinet, which represent an explicit renunciation of signed commitments and agreements, and a direct undermining of all international covenants and treaties, warning of the repercussions of these policies on the prospects for achieving security and stability in the region.

During the meeting, Al Sheikh stressed the necessity for the international community to assume its legal and moral responsibilities and exert real and effective pressure on the occupation government to halt its aggression and ongoing violations, respect international law, and guarantee respect for the sovereignty of the internationally recognized State of Palestine. He also emphasized that continued international silence encourages the occupation to persist in its aggressive and settlement policies. Mere condemnation and denunciation are no longer sufficient, and the international community must take clear and deterrent measures that genuinely contribute to the implementation of international law and resolutions of international legitimacy, ultimately leading to the establishment of the State of Palestine.
